

INTERNET WITH THE SPEED AND TOOLS

YOU NEED TO COMPETE.

Comcast Business Internet offers download speeds up to 150Mbps, which means less time waiting and more time being productive. You also get Hosted Microsoft® Exchange with advanced business solutions designed to streamline communications and collaboration, reliable security to help protect against viruses and spyware, and full-featured Web Hosting plans to help optimize your web presence – all backed with 24x7 Comcast Business support.

An Internet service with new and innovative business solutions designed to help you work smarter and more efficiently. It's no wonder that more-and-more businesses are equipping their employees with the speed and reliability of Comcast Business Internet.

FAST SPEEDS TO GET MORE DONE...FASTER

Downloads up to 150Mbps, uploads up to 20Mbps.

You'll see your productivity soar with fast Internet speeds, even during peak hours when all your employees may be online.

Static IP addresses are available.

HOSTED MICROSOFT EXCHANGE INCLUDED AT NO EXTRA CHARGE

The most powerful set of cloud-based productivity tools – Microsoft Outlook and Microsoft SharePoint.

Access to e-mail, contacts, calendars, tasks and shared documents from anywhere you have Internet access. On all of your devices.

Get up to 25 GB of storage for each e-mail account and up to 10GB online backup to secure documents.

2 e-mail accounts included with Internet service, additional accounts are only \$6.99 each per month.

A WIDE RANGE OF WEB HOSTING SERVICES

All Comcast Business Internet packages include a website hosting Starter package consisting of a FREE custom domain, three page website with website builder tool, email marketing, search engine submissions and advanced website analytics at no additional cost.

Choose from four full-featured Web Hosting packages. Available features include unlimited pages, SEO keyword selection, mobile site creation, social media integration and an e-commerce application.

ADVANCED SECURITY TO PROTECT YOUR DATA, YOUR DEVICES, AND YOUR BUSINESS

Norton™ Internet Security Online – Advanced Internet and antivirus protection, ranked #1 in overall protection and remediation.

Protection and back-up for your files and documents.

Available IP gateway provides on-site firewall protection, supports multiple computers and VPN connections for remote users, and features Stateful Packet Inspection (SPI).
